Welcome to the 87th annual Greater New York Dental Meeting. As Presidents of the Second District and New York County Dental Societies, we are delighted to have you join our 5,000 members in New York City. Our Organization Committee and volunteers have worked hard over the past year to bring the latest, state-of-the-art information to the dental profession. Without their dedication and time, a Meeting of this caliber would not be possible. As you read this publication, you will see programs presented by noted clinicians from around the world; we know they will prove to be of great interest to you. These programs will have immediate application to your patients and the manner in which you practice dentistry.

Your staff should also be encouraged to participate in continuing education courses to help keep your practice current. There are numerous programs for the entire team.

The exhibit hall provides an in-depth look at the best products and services for the dental profession. Exhibitors are ready to share new information, technical equipment and their expertise. Be sure to schedule time to visit all of them.

Taken together, the Meeting and New York City, during the holiday season provides all the entertainment you and your family could ever imagine.

Please enjoy our fine city with all its great restaurants, shops and cultural attractions. There is something here for everyone!
